

BETTER THAN CALOMEL

Thousands Have Discovered
Dr. Edwards' Olive Tablets
Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success. They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

Catarrh is a Real Enemy and Requires Vigorous Treatment

Do Not Neglect It.
When you use sprays, atomizers
and douches for your Catarrh, you
may succeed in unstopping the
choked-up air passages for the
time being, but this annoying con-
dition returns, and you have to do
the same thing over and over
again.
Catarrh has never yet been
cured by these local applications.
Have you ever experienced any real
benefit from such treatment?

Throw these makeshift remedies
to the winds, and get on the right
treatment. Get a bottle of S. S. S.,
and begin a treatment that has
been praised by sufferers for
half a century.
S. S. S. gets right at the source
of Catarrh, and forces from the
blood the germs which cause the
disease. Special medical advice
regarding your own case free. Ad-
